55 SOULS BAPTISED INTO JESUS IN THE NORTH WEST OF SOUTH AFRICA WITH CHARIOT 1 AND BONGANI MABENA.....INTO THE HARVEST.

Bongani reported the following.

We would like to thank the Almighty God for His grace and mercy. We had great a response at the 2 villages we visited. We had organized discipleship multiplication training during the daytime. These photos are from Sunday service and the baptisms that took place. The number of people baptized were 55 for the week. We see the need of equipping these souls and villages and lots of members from other churches are very excited about the training we had with them. We had people from Kuruman ask us to come do discipleship training there. On this trip we are seeing the Hand of God, great things are happening.

Amen Bongani. This is soooooo good because now you not only baptizing and leaving them with a church but leaving some discipleship tools with them as well.

Thank You Lord and thank you all involved.

Let's all pray for this amazing work of God.
