From January 24-27 we had a training sesión given by our Brother Ricardo Felix from Gospel Chariot Missions

On January 20th we also began evangelism training vía zoom, which the entire congregation Will be participating in. We connect every Tuesday, the days of our family reunión, this training we are receiving has been a great blessing to the our congregation, and with it we are preparing for the evangelistic campaign that Will take place in our city in September or November of this year.

In January we also started classes for men to train them to prepare Bible classes are greatly motivating our brothers.

We ask for your prayer for our Brother Felix's Wife, Mrs. Estela she had surgery to remove a Kidney because she had a tumor , please pray for her Speedy recovery, She has visited us at some of our church meetings.

The sisters are preparing for the Laddies' Meeting they Will have in April, and as a congregation we Will also have Bible conferences. We ask that you pray for our first activities so that everything goes according to God's Will.

In the love in Christ:
